President Braithwaite,

Western University,

London, Ont.

Dear President Braithwaite:

On my return from Muskoka I find your letter enclosing the one sent to Ottawa. I am glad to know from it that things are improving with regard to yourself.

On the matter of the Kuuki University I have nothing special to say. I expect, however, to go over to England about the middle of July.

With kind regards, I am,

Yours sincerely,

President.
